

**Material Safety Data Sheet**

French Green Clay

**1. Product and Supplier**

Product Name	French Green Clay
Supplier	ASES Chemical Works Brahm Bagh, Jalori Gate Jodhpur - 342001 Rajasthan-India Ph: +91-9636889954 Email : ecom@ases.in      Website : www.ases.in

**2. Composition and Ingredients**

The product does not belong to any list of substances supposedly hazardous to human or animal health according to EU guideline 548/67 and further amendments, or to those having recognised exposition limits.

Chemical Composition	100% natural mineral, raw material, mainly Montmorillonite.
CAS No	1318-93-0
Application	Personal care formulations

**3. Hazardous Identification**

Routes of entry	Eyes, Skin, Ingestion & Inhalation.
Skin contact	None Known
Eye contact	Moderate irritation may occur.
Ingestion	Seek medical attention immediately
Inhalation	The product may contain breathable dust. Prolonged inhalation of a high concentration of dust may affect lung function

**4. First Aid Measures**

Skin contact	Due to use in cosmetics, no adverse effects are expected. May dry mucous and skin.
Eye contact	Flush with plenty of water or eye wash solution for 15 minutes. Get medical attention if irritation persists.
Ingestion	Non-toxic according to research. Do not induce vomiting without medical advice.
Inhalation	No vapours present at normal temperatures. No adverse effects due to inhalation of vapours are expected. If this is the case, remove to fresh air place.

**5. Fire Fighting Measures**

Non-flammable and non-explosive

**6. Accidental Release Measures**

Precautions	Avoid dust formation. In the event of a high level exposure to volatile dust, wear a protective mask and safety goggles.
Methods of Cleaning up	Sweep up small spills carefully. For large spills, use water sprays or ventilated evacuation systems for dust prevention. Dispose of according to local regulations.

**7. Handling and Storage**

Handling	Avoid dust formation. Provide appropriate ventilation where dust forms. In the event where there is insufficient ventilation wear suitable breathing equipment.
Storage	Store in closed containers below 30°C in ventilated areas. May be slippery when wet.

## 8. Exposure Controls and Personal Protection

Respiratory Protection	Use adequate ventilation as needed to avoid inhalation of fine dust.
Ventilation	Provide appropriate ventilation and filters in places where dust may be generated.
Eye Protection	Safety glasses, splash goggles, or face shields should be worn.
Body	Gloves should be worn.
Work/Hygiene Practices	Normal work and hygiene practices for handling.

## 9. Physical Data and Chemical Properties

Form & Colour	Powder, Light Green
Odour	Characteristic
pH	7-9
Hydro solubility	In Soluble
Density	860g/l

## 10. Stability and Reactivity

Stability	Stable under conditions of normal storage and use.
Hazardous reactions	None known
Reactivity	This product is not reactive to water.
Thermal Decomposition	This product does not decompose.

## 11. Toxicological Information

No Known data

## 12. Ecological Information

Biodegradability	Not Determined
Precautions	Prevent surface contamination of soil, ground & surface water

## 13. Disposal Considerations

Residue for Disposal	Dispose of according to local, state and federal regulations, and in a manner that does not pose a risk due to emission of breathable dust.
----------------------	---

## 14. Transport Information

No Special requirements

## 15. Regulatory Information

Not applicable

## 16. Other Information

In line with the general product specification. Always satisfy suitability for the specific application. The data provided in this material safety data sheet is meant to represent typical data/analysis for this product and is correct to the best of our knowledge. The data was obtained from current and reliable sources but is supplied without warranty, expressed or implied, regarding its correctness or accuracy. It is the user's responsibility to determine safe conditions for the use of this product and to assume liability for loss, injury, damage, or expense arising from improper use of this product. The information provided does not constitute a contract to supply to any specification, or for any given application, and buyers should seek to verify their requirements and product use. All health and safety information contained in this sheet should be provided to your employees or customers.
