CERTIFICATE OF ANALYSIS

Product	Sodium Cocoyl Glycinate 30% Liquid	**Batch No.**	926
INCI Name	Sodium Cocoyl Glycinate	**Mfg. Date**	Sep-2026
CAS No.	90387-74-9	**Retest Date**	Sep-2028
Form	Liquid	**Packager**	ASES Chemical Works

Test Parameter	Specification	Result
Appearance (25°C)	Colourless to pale yellow liquid	Complies
Content	25.0 – 30.0%	Complies
Nitrogen Content	1.1 – 1.6%	Complies
pH (10% solution, 25°C)	8.0 – 10.0	Complies
Transmittance (1 cm, 430 nm)	85% min.	Complies

Conclusion: The above batch conforms to the specification.

Storage: Store at 25 – 50°C in a tightly closed container. May turn cloudy or form solids at low temperature; warm gently to 40 – 60°C and shake well before use. This does not affect quality.
