1. SECTION 1: Identification of substance/mixture and company

1.1. Product identifier

Identification of substance/mixture:	SWEET ALMOND OIL ORGANIC
CAS No.:	8007-69-0
EC Number:	273-313-5
REACH Registration Number:	Exempt

1.2. Relevant identified uses of the substance or mixture and uses advised against

Identified uses: Cosmetic

Uses advised against: As they are not classified as hazardous, this product can be used in ways other than the uses identified, but all uses must be consistent with the safety guidelines listed.

1.3. Details of the supplier of the safety data sheet

Identification of the society or company: **TEXTRON, S.A**,
Address: C/ Girona nº 34, 5º - 6º
08402-GRANOLLERS
Barcelona (España)
Telephone: +34 93 8604500
Fax: +34 93 8707462
E-mail: textron@plimon.com

1.4. Emergency telephone number +34 93 8604500 (Mon-Fri 8:30 am – 18:30 pm)

2. SECTION 2: Identification of hazards

2.1. Classification of the substance or mixture

Classification according to directives 67/548/EEC and 1999/45/EC

Substance/mixture is not classified as dangerous according to Directive 67/548/EEC and 1999/45/EC

Classification according to Regulation (EC) 1272/2008

Substance/mixture is not classified as hazardous according to Regulation (EC) 1272/2008

2.2. Label Elements

Labelling according to directives 67/548/EEC and 1999/45/EC

Substance/mixture is not classified as dangerous according to Directive 67/548/EEC and 1999/45/EC

Labelling according to Regulation (EC) 1272/2008

Substance/mixture is not classified as hazardous according to Regulation (EC) 1272/2008

2.3. Other hazards

No information available.

3. SECTION 3: Composition/information on ingredients

3.1. Substance/Mixture

Information on compounds:

Chemical Description:	Vegetable oil extracted from mature seeds of *Prunus amygdalus dulcis* by cold expression.
CAS No.:	8007-69-0
EINECS No.:	273-313-5
INCI Name:	Prunus amygdalus dulcis oil
Chemical Family:	Vegetable oil

4. SECTION 4: First aids

4.1. Description of first aid measures

Description of first aid measures:

After inhalation: Remove from exposure area to fresh air promptly. Seek medical attention after a significant exposure.

After skin contact: After contact with skin, wash immediately with plenty of soap and water while removing soaked clothes.

After eye contact: Check for and remove any contact lenses. Immediately flush eyes with running water for at least 15 minutes, keeping eyelids open. Cold water may be used. Seek medical attention.

After ingestion: No special measures recommended. If necessary, get medical attention.

4.2. Most important symptoms and effects, both acute and delayed

No information available.

4.3. Indication of any immediate medical attention and special treatment needed

No information available.

5. SECTION 5: Firefighting measures

5.1. Extinguishing Media

Extinguishing Media : Water spray, carbon dioxide, dry chemical powder or appropriate foam.

Water spray, carbon dioxide, dry chemical powder or appropriate foam.

5.2. Special hazards arising from the substance or mixture

Emits toxic fumes under fire conditions.

5.3. Advice for firefighters

Advice for firefighters: High temperatures can lead to high pressures inside closed containers.

Avoid inhalation of vapors that are created. Use appropriate respiratory protection.

Do not allow spillage of extinguish fire will be poured into drains or watercourses.

6. SECTION 6: Measures in case of accidental release

6.1. Personal precautions, protective equipment and emergency procedures

Personal precautions, protective equipment and

emergency procedures :

Eliminate sources of ignition and ventilate the area.

Avoid inhalation of vapors; use an appropriate respirator.

6.2. Environmental precautions

Environmental precautions: Keep spills out of municipal sewers and open bodies of water.

6.3. Methods and material for containment and cleaning up

Methods and material for containment and cleaning up: Contain and absorb spill with inert inorganic non-combustible, material, such as sand or earth, and

remove it to a container for disposal according to local regulations.

Clean the surface thoroughly to remove residual contamination.

Avoid open flames or sources of ignition (e.g. pilot lights on gas hot water heater).

Ventilate area and wash spill site after material pickup is complete.

Dispose of in accordance with current laws and regulations.

6.4. Reference to other sections

No information available.

7. SECTION 7: Handling and storage

7.1. Precautions for safe handling
The usual precautions for handling chemicals should be observed.

7.2. Conditions for safe storage, including possible incompatibilities
Keep material away from sources of ignition (e.g. hot surfaces, sparks, flame and static discharges.
Store in hermetic recipients, preferably full, in a cool, dry, ventilated area away from sources of heat and direct sunlight.
Keep away from the sources of ignition.
Keep away from incompatible materials (see section 10).
Prevent access to unauthorized persons.

7.3. Specific end use(s)
No information available.

8. SECTION 8: Exposure controls/individual protection

8.1. Control parameters
Declaration of substances is not required.

8.2. Exposure controls
Appropriate engineering controls : No information available.
Individual protection measures, such as personal protective equipment:
Chemical safety goggles are recommended. Wash contaminated goggles before reuse.
Compatible chemical-resistant gloves are recommended. Wash contaminated gloves before reuse.
Measures should be taken to prevent materials from being splashed into the eyes or on the skin.
Wear eyeshields and protective clothing.
In case of insufficient ventilation, use suitable respiratory equipment.
In the case of brief exposure, use a device filter.
Avoid contact with skin. Use of chemical resistant gloves is recommended.
Rinse and remove gloves immediately after use. Wash hands with soap and water.
Environmental exposure controls : No information available

9. SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Appearance :	Clear oily liquid
Odour :	Characteristic
Colour	Pale yellow
pH :	No information available.
Melting/freezing point :	*ca*. -18ºC
Boiling point :	No information available.
Flash point:	No information available.
Evaporation rate :	No information available.
Flammability (solid, gas) :	No information available
Upper flammability or explosive limits (UEL) :	No information available.
Lower flammmability or explosive limits (LEL) :	No information available.

Vapor pressure at 20ºC :	No information available.
Vapour density :	No information available.
Relative density:	0.910-0.920 g/ml
Solubility :	Soluble in alcohol and petroleum ether. Insoluble in water.
Partition coefficient (n-octanol/water): :	No information available.
Auto-ignition temperature:	No information available
Decomposition temperature :	No information available.
Viscosity:	No information available.

9.2. Additional information

No information available.

10. SECTION 10: Stability and reactivity

10.1. Reactivity

Reactivity : This product is considered as stable in specified storage conditions. Unstable at high temperatures.

10.2. Chemical stability

Chemical stability : This product is considered as stable in specified storage conditions. Unstable at high temperatures.

10.3. Possibility of hazardous reactions

Possibility of hazardous reactions : At high temperatures, acrolein may be produced.

10.4. Conditions to avoid

Conditions to avoid: Excessive heat, flame or other ignition sources, high temperatures and strong oxidizing agents.

10.5. Incompatible materials

Incompatible materials: If inhaled, remove person to fresh air. If not breathing give artificial respiration. If breathing is difficult, give oxygen.

10.6. Hazardous decomposition products

Hazardous decomposition products: During combustion may be formed carbon monoxide and unidentified organic compounds.

11. SECTION 11: Toxicological information

11.1. Information on toxicological effects

Information on toxicological effects : No information available

12. SECTION 12: Ecological information

12.1. Toxicity

Toxicity : No information available.

12.2. Degradability

Degradability : Biodegradable.

12.3. Bioaccumulative potential

Bioaccumulative potential : No information available.

12.4. Soil mobility

Soil mobility : No information available.

12.5. Results of PBT and vPvB assessment

Results of PBT and vPvB assessment : No information available.

12.6. Other adverse effects

Other adverse effects: See also Sections 6, 7, 13 and 15

Do not allow to get into waste water or waterways

13. SECTION 13: Disposal considerations

13.1. Waste treatment methods

Waste treatment methods: Dispose of in accordance with all federal, state and local environmental regulations

14. SECTION 14: Transport information

14.1. Land transport (ADR/RID)

No dangerous good according to transport regulations

14.2. Sea transport (IMDG)

No dangerous good according to transport regulations

14.3. Air Transport (IATA)

No dangerous good according to transport regulations

15. SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

Safety, health and environmental regulations/legislation
specific for the substance or mixture :
No information available.

16. SECTION 16: Other information

Substance/mixture is not classified as dangerous according to Directive 67/548/EEC and 1999/45/EC.

This sheet is additional to the Technical Sheet and does not substitute it. The information contained in the present sheet is based on our present knowledge of the product and it is honest. It is recommended to take the needful safety measures, due to the potential risks that may occur when the product is employed for other uses than those indicated in the present document. This sheet does not exempt the user from the knowledge and application of all legal texts regulating his/her activity. The user is responsible of taking the needful precautions related to use of the product. All regulated prescritptions are only useful as a help for the user to accomplish with his/her obligations when hazardous products are used. The present data do not constitute an exhaustive list. The user is not exempted from verifying other obligations imposed and related to other legal texts regulating possession and use of products and which the user is responsible for.
